► **Permissions boundary** (not set)

- ▼ **Generate policy based on CloudTrail events**

You can generate a new policy based on the access activity for this role, then customize, create, and attach it to this role. AWS uses your CloudTrail events to identify the services and actions used and generate a policy.

⊗ Access denied to access-analyzer:ListPolicyGenerations

You don't have permission to `access-analyzer:ListPolicyGenerations`. To request access, copy the following text and send it to your AWS administrator. [Learn more about troubleshooting access](#)
